To apply, scan the QR code here

※Please use your browser's translation function
and apply from the AHAMO website yourself.

*1 Costs of handsets and calling charges are not included.

*2 When the data usage exceeds 30GB, a restriction of data transmission speed will apply. The restriction will be removed by charging the data amount or by applying for ahamo Oomori option.
(You can charge the data amount at the rate of 550 Yen (incl. tax) per GB.)

*3 This reward is given to customers who fulfill the following two conditions:

1. Customers who have registered their ahamo phone number as their d CARD or d CARD GOLD using phone number.
 2. Customers who have set their ahamo bill payment to d CARD or d CARD GOLD. (Also applies to the sub lines of a single billing group which the payment method of the representative line is set to a d CARD or d CARD GOLD.)
- d CARD bonus extra data packets are awarded the following month after fulfilling conditions 1. and 2.
 - For the month in which bonus extra data packets are awarded, data is consumed in the following order: bonus extra data packets (+5GB) followed by the customer's original available (30GB) data volume.
 - Whether +5GB (d CARD GOLD) or +1GB (d CARD) will be awarded is determined by the type of credit card used when registering the phone number in Condition 1.
 - For other detailed terms and conditions, please refer to the "d CARD website".

*4 SMS and outgoing calls to other companies' connection services, etc. are charged separately.

*5 Calls exceeding 5 minutes are charged at a rate of ¥22 (incl. tax)/30 secs.

If you are a new subscriber to ahamo
while still under contract with another carrier:

- We recommend advance preparation to ensure that you can carry out the procedures smoothly.
- This plan requires online application by customers themselves.
If you wish, our staff will assist you in the operation for procedures (service fee required).

※Please ask a member of staff for details such as the assistance available, costs, etc.

You can also apply and use the e-mail portability service provided by other mobile phone carriers.

*8 You can continue to use Content Payment Service (Google Play™) and Content Payment Service (iTunes).

*9 If you wish to receive support at a docomo Shop or d garden, you can use "ahamo WEB Procedure Support" (service fee required), etc.

About ahamo Hikari

*Corporate customers and minors are not eligible to apply for ahamo Hikari.

Notes concerning ahamo

■ ahamo is a plan which handles all the procedures from the application to various supports after contract online. Customers wishing to receive support at the docomo Shop/d garden should use "ahamo WEB ApplicationSupport"

*1 (¥3,300 (incl. tax)) or "ahamo WEB Procedure Support" *2 (¥3,300 (incl. tax)). When applying for the support service, customers are responsible for operating their own handsets. Initial setup of the handset and data transfer, etc. are not covered by this support. Customers wishing to receive assistance with initial setup of the handset and data transfer should apply separately for "Initial Setup Support (service fee required)."

*1 Assistance of the applications through the dedicated ahamo website based on the customer's request.

*2 Assistance of the procedures on the dedicated ahamo website and ahamo app based on the customer's request.

■ When subscribed to ahamo, you can only purchase a new handset from the dedicated ahamo website. Purchase of handsets is not available at docomo Shops, d garden, electronics retail stores, etc.

■ Customers are responsible for operating their own handsets, including data transfer. DOCOMO Information Center does not provide consultations regarding service details, etc.
